

中國企業必須“走出去”

历史上的中国是一个保守的国家，从经济学角度，一个国家的国民所得人均达到 2000 美元时，这个国家将不只吸引外资，也会开始向外输出资本，在中国的许多中心和沿海城市，已经达到或超过这个数字，所以中国企业“走出去”是必须的、必然的，正当其时。

即使是改革开放，生产力得到迅猛发展的今天，我们高喊的还是招商引资。当世界 500 强企业摩肩接踵地来到中国，当以投资拉动保持了 10 余年高速发展之后，当我们作为世界贸易组织成员的时候，我们发现自身出现了不少的问题。石油作为重要的能源是那么的缺乏，世界原油价格的些许波动，对我们产生的刺激是那么的强烈；尽管是世界煤炭大国，但以火电为主体的电力产业已经供不上隆隆作响的机器轰鸣；铁矿石的极度匮乏和突破两亿吨钢铁产量业绩的尴尬对照，已经使宏观调控部门大伤脑筋。虽然世界各地已经充斥了太多的“中国制造”，但那牺牲了我们多少的资源 and 成本，而更多看到的还是贸易壁垒和反倾销起诉。

在经济日趋全球化的今天，不尽快地将自己置身于国际市场终究会被市场所摒弃。中国的企业应该承担起时代赋予自身的使命，大规模有组织的“走出去”，获取海外资源，获取海外市场。当然，“走出去”也不是盲目的、无续的，不能打无准备之仗。由此看来，我们确实有许多的课题必须要补，中国企业对国际惯例规则还不够了解，还不具备国际化的核心竞争力，国际化的人才还不齐备，中国的国家政策复制还没有到位。世界经济的发展突飞猛进，国际化的号角已经吹响，我们希望看到的是中国企业在世界的屹立而不是消亡，中国的企业必须要赶快的作好充分的准备，大胆的“走出去”。

The Chinese enterprise must “go out”

China used to a conservative country . and we can see it in the imperial edict“ not permit to do any business”from QianLong emperor.Chinese is a nation which lack of expansion want nearly do not have any large scale expansion activities outside China.from the economics we can see when one country 's national income is up to 2000 US dollars,this country will not onlyimport foreign capitals,but also will export his capitals to the other regions.in a lot of center and coastal cities of China.have reach or exceed this number. so Chinese enterprise go out is must inevitable and at the right time.

Although we are in reform and opening-up, productivity develop rapidly today.what we shout are also investment.when the world top 500 enterprise come to China side by side. after using investment to pulling 10 years highly rapid development,and when we as a membership of WTO,we have found a lot of problems in ourselves, as we lack of petroleum energy,the price wave of international crude oil,will have a serious impact to us, although we have a lot of coal, but the electricity industry which mainly using generation of electric power by fire can not reach our need. extremely lack of iron ore have obviously contrast with the 2 hundred million tons iron output,and make a lot of troubles for the macro adjustments and controls department..although a lot of “made in China” brands all over the world.but that waste us how many resources and costs,and what we see more is trade barrier and anti-umping appeal.

In the economy globalization today,if you do not put yourself into the international market than you will be abandon by it.the enterprise should afford the mission which given by the history,to“go out”with a large scale and organized.and get the resource from overseas,and get the market from overseas. Of course “go out”is not blindly, have no order,we must prepare for everything,from this,we really have a lot of subject to make up,the Chinese enterprise are still do not know a lot of international conventions.and also do not have key competitiveness.for internationalization,have do not have a lot of internationalization tailents, the foster policy from our government are not in position,the world economy developing very fast, the internationalization has been begun,what we like to see is Chinese enterprise stand erect in the world but not extinction,the enterprise must prepare sufficiently,and “go out”bravely.

新聞動態

» 内地出台新政策支持企业赴港澳投资

商务部、国务院港澳办联合公布了一项新规定，采取简化审批程序、扩大地方审批权限、缩短审批时间等多项有利措施，便利和支持内地有能力的各种所有制企业赴港澳投资经商。这一名为《关于内地企业赴港澳特区投资开办企业核准事项规定》的文件指出，国家鼓励和支持内地所有制企业在港澳地区投资开办企业；投资领域包括贸易、工程承包、劳务合作、生产制造、交通运输、旅游、服务等。

» 国家开发行贷款向中小企业开禁

国家开发银行的大部分贷款原仅提供给国家大型基础设施和工业开发项目，而今后该银行将对民营或集体所有制的中小型企业给予更多的贷款支持。国家开发银行将重新调整贷款政策，创建一个平台，以便向中小企业提供贷款融资和信用担保。从而促进中小企业发展。

» 国家级经济开发区发展速度“超常规”

目前现有的49个国务院批准的开发区东部沿海27家，中部9家，西部13家，规划用地总面积约580平方公里，已完成规划内土地开发约460平方公里，占全部规划用地面积的80%，已开发土地中工业用地面积约占3/4，约340平方公里。国家级经济技术开发区在580平方公里的土地上创造了占全国工业增加值7.5%的工业增加值，在集约利用土地资源方面起到了表率使用，在提高土地的利用率上取得了明显的成效。

» 外资进京创10年之最

今年北京市利用外商直接投资进入了近10年来最快的发展阶段。前10个月，合同利用外资51.3亿美元，同比增长1.2倍；实际利用外资达到26.8亿美元，同比增长44.1%，分别是1993年和1990年以来的最高规模。

北京市利用外商直接投资的地域分布特征明显，主要聚集在CBD汇集的朝阳区、电子和科学技术领先的海淀区和北京经济技术开发区。前10个月，这三个地区集中了本市62.2%的外资项目，69.7%的合同外资和73.2%的实际利用外资。

北京市外资企业经营状况进入了规模扩张，快速平稳的发展阶段。前10个月，主要指标的发展速度在30%以上，利润总额的发展速度逼近80%，呈现出效益增长快于规模增长的特点。1至10月，北京市已累计开业外资企业5748家，从业人员数达到56万人。

» 乌拉圭和美国签定相互投资保护协定

乌拉圭经济部长和美国贸易代表在乌美贸易和投资联合委员会上签定了一项相互投资保护协定。这一协定旨在保证两国企业在对方投资时不受歧视。尽管乌拉圭在其投资法中早已写明保护外国投资者，并给予其国民待遇，但与美国的这一协定再次强调了这一点。乌、美两国政府期望通过此协定巩固两国间的投资和贸易关系。

» 华人首度应邀参加荷兰王室典礼

在贝纳德亲王病逝当天晚上，荷兰中国商会会长徐卓亚也被邀请参加了在新教堂中举行的亲王葬礼，同时，也是被邀请参加荷兰王室典礼的华人第一人。引起了华人社会的反响。

徐会长说，他在亲王去世之后以个人名义向王室发去了唁电，星期四下午在参加中欧工商峰会中途，还特地前往海牙的女王工作行宫，排了两个多小时队入内向亲王遗体告别。

到星期五早上，他才接到荷兰王室用DHL特快邮递送来的请柬，邀请他星期六前往代尔夫特新教堂内参加亲王的葬礼。众所周知，王室邀请宾客参加红白大事，名单是经过一番极其审慎的考虑的，徐卓亚的荷兰朋友们都觉得这是一种极大的荣誉，而徐卓亚觉得，这是华人地位提高的一个标志，也显示荷兰王室对华人的友好和关注，并非他个人的荣誉那么简单。

徐卓亚早早赶到代尔夫特，11时前经过一番严格的安全检查后进入新教堂，按照王室请柬的指示坐在第八列的第14号。他说，前面是荷兰王室的成员，另外一面是荷兰政界人士，包括现内阁成员、国会领袖以及鲁拔斯、科克等历届首相。与他同一行列的不少是老军人，是被作为亲王的生前友好安排就座的。

徐卓亚还说，除了国家电视台NOS被允许进入拍摄之外，所有新闻记者都被挡驾教堂之外。

荷兰筹建中国商品中心

胡志光和杨金华是荷兰侨界的知名人士。最近,他们正忙于筹建“欧洲中国商品调拨中心”。

胡志光会长说,中国企业进入欧洲,一直缺乏一个有效的平台。去年,他向杨金华谈起了想为中国商人打造平台的构思。两人一拍即合,筹办“欧洲中国商品调拨中心”的计划就定了下来。

海牙是欧洲的重要门户,将“中心”建在这里,不仅能为中国有实力的企业开辟一个窗口,集中展示中国产品,还可以使企业避开众多分销环节,直接和消费者见面,对中国企业在荷兰乃至全欧洲发展都有好处。按照两人的设想,中心将为中国企业提供众多的产品展示柜台,将中国商品汇集在一起,通过规模效应,吸引欧洲企业前来,为中国企业走向欧洲搭起平台。

荷兰中国商会筹办 “中欧经贸论坛暨中欧经贸投资洽谈会”

“中欧经贸论坛暨中欧经贸投资洽谈会”明年在荷兰召开。

随着国际经济一体化步伐的不断加速,迅速发展起来的中国与欧盟经济关系正向着密切合作、相互依赖的方向共同发展。2004年1至8月,中欧贸易额达1116.4亿美元,同比增长36.6%。从2004年5月1日开始,欧盟成员国从15个增加到25个。扩大后的欧盟已超过日本和美国成为中国第一大贸易伙伴。中国同时也是欧盟第二大贸易伙伴,仅次于美国。

为进一步扩大欧盟与中国间的经贸合作,研讨新的国际经济形势下双边合作的发展趋势,荷兰中国商会与欧中商会、荷兰贸促会、海牙市政府、西荷兰外国投资局合作拟于2005年11月在海牙国际会议中心举办“中欧经贸论坛暨中欧经贸投资洽谈会”。此次会议得到荷兰经济部、中国驻荷兰大使馆等政府机构和社会团体的支持,法国、德国、比利时等欧盟国家的经济团体和华侨商会也将参加会议的组织。计划参加会议的有欧盟国家的政府官员、专业学者、企业界人士和华人企业。会议主办方还将邀请中国企业参会以促进中欧企业的合作交流。

为有利于促进中欧企业合作,帮助中国企业实施“走出去”战略,会议主办方已在荷兰海牙筹建了“欧洲中国商品调拨中心”,建筑面积达40亩,能够容纳数百家的中国企业进驻中心,它是一个能够完全展示中国商品风采的贸易平台,中国企业可以此为依托,融入欧洲市场,在世界贸易中占一席之地。促进与中国商品调拨中心合作也将是本次会议的一项重要内容。

这次会议的主办方于11月11日,正式致函邀请中国市场学会参加会议的筹备工作,参与会议的策划与协助国内有关方面组织中方人员参会。会议的主办单位——荷兰中国商会胡志光会长和西荷兰外国投资局长 Van der Feer 先生还专程来京,于11月17、18日先后拜会中国市场学会高铁生理事长和俞晓松会长,双方就合作推动本次会议的召开进行了有益的商谈。学会两位领导表示,中国市场学会将根据自身的条件和国家有关规定,积极配合国内有关方面支持这次会议的成功召开,为促进中欧企业之间的经贸合作发挥应有的作用。

荷中商会中国代表处成功在京举办2005第一届中国北京采购会

1月17日荷兰中国商会中国代表处首席代表高瑛女士在广东与来华的荷兰外商进行了商谈,并陪同考察团进行此次中国之行,与东莞市外商投资促进中心领导会谈,双方各自表示了进一步加强交流合作,上海市人民政府对外经济贸易委员会、上海市人民政府外国投资工作委员会副主任马银芳、贸易促进处处长王庆江亲自前往考察团住地拜会了荷兰中国商会副会长徐卓亚一行,双方就加强交流,促进招商引资和项目合作等进行了会谈沟通。江苏省启东经济开发区经济发展局副局长朱伟中前往上海华晶宾馆,就园区企业扩大出口,加大招商引资和来华团组合作力度等问题进行了初步商讨。21日在京举办的荷中商会2005第一届中国北京采购会上,35家中国企业的53位参会代表分别与4位来华外商进行了贸易洽谈,为中外企业交流搭建了一个贸易促进平台。采购会结束后,荷兰麦迪卡公司决定委托荷兰中国商会中国代表处组织中国企业回访荷兰,以期扩大其在中国采购一次性医疗用品的供货量,参会及接受考察的中国企业将有机会获得长期出口订单。在江苏省常州市考察了中、美、加合资企业宝利医疗用品有限公司,双方达成贸易合作,荷兰麦迪卡公司进口一次性医疗用品每周两货柜,现拟进一步扩大在中国的采购进口量,双方已就此达成继续扩大进口贸易意向。

》全国肿瘤防治“千百万”工程在京启动

在全国第11个防治癌症宣传周即将到来之际,由中国医学基金会、中国医促会中老年保健专业委员会、北京振国肿瘤研究中心、《中国医药指南》杂志社联合举办的全国肿瘤防治“千百万”工程3月31日在北京人民大会堂启动。参加启动仪式的有第九届全国人大常委会副委员长铁木尔·达瓦买提、卫生部原部长钱信忠和卫生部、国家中医药管理局等部门的领导。新华社、人民日报、中央人民广播电台、中央电视台、中国教育电视台、香港凤凰卫视等51家媒体报道启动仪式的盛况,人民网进行了现场直播。

“千百万”工程:“千”就是为1000个乡镇免费赠送《肿瘤防治与康复》等书籍、光盘、宣传资料,普及防癌治癌知识,提高农村的健康水平;“百”就是救助100名贫困少年儿童肿瘤患者和100名贫困癌症患者;“万”就是为10000名农民进行肿瘤普查。为保障救助工程正常运行,还成立了“肿瘤防治基金管理委员会”,北京振国肿瘤研究中心先期向基金会捐赠200万元人民币,该基金会计划在3年内筹集2000万元人民币用于肿瘤的预防、治疗、普查、宣传和救助活动。癌症正在成为人类第一杀手。目前我国癌症发病率及死亡率一直呈上升趋势,每年癌症发病人数约180至200万,死亡140至150万。我国每死亡5人,即有1人死于癌症。严重地影响大众健康。此项工程是由著名肿瘤专家王振国研究员发起,旨在动员全社会关爱癌症患者这一弱势群体,增强全民的肿瘤防治意识,做到“早发现、早诊断、早治疗”,为构建健康和谐的社会做出贡献。王振国研究员30多年来一直从事抗癌药物研究和肿瘤防治工作,曾先后承担国家“七五”重点科技攻关项目和国家“863”高科技项目。他是国家有突出贡献中青年专家,首届中国十大杰出青年,2004年度“全国十大科技英才”。启动仪式上,表彰了来自全国各地的260名自强不息、战胜癌症、传递爱心的“振国爱心大使”,他们用自身康复的事实证明癌症是可以战胜的。会上还发表了《北京抗癌宣言》。全国人大常委会副委员长铁木尔·达瓦买提高度评价了王振国教授三十多年来的抗癌事业。他说:“全世界公认的王振国先生,他是有最高价值的人,”祝贺王振国先生三十年来在抗癌领域的伟大成就,也祝贺今天在王振国教授的努力下已经治好的癌症爱心大使。我以普通公民的身份,支持你们。”卫生部原部长钱信忠也发表了热情洋溢的讲话,他说:“王振国教授这些年来为肿瘤防治做出了伟大贡献。他在这方面的贡献应该说是全世界、国际上、国内公认的。”

》人民大会堂振国抗癌“爱心大使”命名侧记

迎春花开,柳枝泛绿。在这阳光明媚的日子里,来自中国、马来西亚、澳大利亚、日本、台湾、泰国等国家和地区的260名抗癌勇士“振国爱心大使”命名大会在人民大会堂重庆厅举行。由中国医学基金会、北京振国肿瘤研究中心命名的“振国爱心大使”们身披红色绶带,人人满面春风,个个神采飞扬。第九届全国人大常委会副委员长铁木尔·达瓦买提、卫生部原部长钱信忠、全国政协常委朱培康等领导和他们的救命恩人王振国教授为其颁奖。新华社、人民日报、中央人民广播电台、中央电视台、凤凰卫视等51家媒体记录下了这一激动人心的场面。看着他们重获新生的笑脸,听着他们在与病魔抗争中奉献爱心的故事,人们无不为之动容,无不赞叹:他们是生命的强者,更是传递爱心的使者!

The hinterland outs the new policy to support the enterprise invest to Hong Kong-Macau

The commerce minister and Hong Kong-Macau of State Department in association with announcement a new provision, adopt simplification examination and approval procedure, extend place examination and approval legal power, shorten to examine and approve time etc. many a beneficial measure, convenient with support the hinterland has the capable and every kind of having to make the business enterprise leaves for investing Hong Kong-Macau. Holland raises the country merchandise center of China.

HuZhiguang is the well-known person of the overseas boundary of Holland with the YangJinhua. Recently, they are busying with to set up" the European Chinese merchandise allocates the center". Reporter arrived in Hague the Dutch Chinese Chamber of Commerce, and gathered news from HuZhiguang in the busy.

HuZhiguang tells the reporter, the Chinese business enterprise enters Europe, has been lacking a valid terrace. Last year, he talked to Yang jin hua that he want to created a platform for the Chinese businessman. Two people become good partners after brief contact, preparing to buillt" the European Chinese merchandise allocates the center" of plan settled down.

The Hague is European important business gate, set up the " center" here, can not only for there is real strength in China developed a window way, concentrated on display domestic product, but also make the business enterprise avert from numerous retails link, direct met with the consumer, was good for the whole Europe and Chinese business enterprise to developed. According to two people, center will for Chinese business enterprise offering numerous products demonstration counter, gather together the Chinese merchandise together, pass the scale effect, draw on the European business enterprise come, heading for the Chinese

business enterprise go to Europe takes a rise terrace

Ethnic Chinese should invite to attend the royal house ceremony of Holland for the first time

Prince burial rites held in virtuous prince in Benade in shell died of illness that evening, Chinese board of trade in Holland president of association Xu Zhuoya too drive invite attend in the Protestantism hall, at the same time, also were invited ethnic Chinese who attend the royal house ceremony of Holland the first person. Caused the social echo in ethnic Chinese

The president of association of Xu says, after price died he with his personal name to gave an electric shock to royal house, on Thursday afternoon on the way to attend Europe industry and business he went to the queen 's house in the Hague, and lined up two hours to take leave with the prince 's body.

Till Friday morning, he just receive the formal invitation that the royal house of Holland use the DHL delivers with the express mail, inviting him to go to the Dalful church on Saturday to attend the burial rites of the prince. Well known, the royal house invites the guest attends the red and white important event, list is a kind of tremendous honor that consideration to passes by a lot of circumspection, the friends of Xu Zhuoya in Holland all feels that this is a marking, and XuZhuoya felt, this is ethnic Chinese 's position increases in Holland , and also manifestation Holland royal house to pay attention to ethnic Chinese, not is his personal honor so simple.

XuZhuoya to arrive to the Dalful early, by a lot of strictly of safety check he entered into the Protestantism before 11clock, according to royal house formal invitation he sat at the eighth row of No.14.He says, the front is the member of the royal house of Holland, another side are officialdom personage of Holland, include the member of the cabinet, national legislature leader and lubas and Keca and successive prime minister. There are some old soldiers with him at the same row, who were been used as the prince 's friends while he was living.

Xu zhuoya still said, the besides national television station NOS is allowed to take in, other newspaperman were stopped visiting church.

EXHIBITION INFORMATION

第三届中国家居用品博览会

展会区域：浙江宁波

商展时间：2005 年 4 月 8 日至 11 日

主办单位：中国轻工业联合会和宁波市人民政府

承办单位：国家轻工业展览中心

展会介绍：房产、家装建材、家具家电、家纺用品、家居用品、绿色园艺、家用车和太阳能等展品。

第五届厦门国际消费品交易会

商展时间：2004 年 4 月 30 日 - 5 月 4 日

支持单位：厦门市人民政府

主办单位：厦门市国际贸易促进委员会

承办单位：厦门商务国际展览有限公司

协办单位：台湾谦品国际展览公司 厦门市酒类同业公会

厦门市金门同胞联谊会

厦门市纺织服装同业商会

厦门科技开发交流中心

厦门百汇源文化信息有限公司

地点：厦门国际会议展览中心

展品范围：展示国外及台湾、香港、金门地区的特色消费品；
家电、IT、通讯产品、酒类食品饮料、品牌服装、
社会教育服务、综合类等

第七届亚洲国际糖果、饼干、巧克力及冰淇淋食品展览

展会时间：2005 年 5 月 1 日

展会地点：中国国际科技会展中心（北京）

展品范围：食品 / 饮料 / 烟酒

2005 中国国际肉类加工业展览会

展会时间：2005 年 7 月 21 日 - 2005 年 7 月 23 日

展会地点：北京展览馆

主办单位：中国肉类协会 世界肉类组织

承办单位：北京众悦傲立展览有限公司

展品范围：食品 / 饮料 / 烟酒

第六届广州国际铝材、铜材及生产加工设备展览会

展会时间：2005 年 6 月 29 日 - 2005 年 7 月 2 日

展会地点：广州国际会议展览中心

主办单位：巨浪展览有限公司、广东省金属学会

广州巨浪展览策划有限公司

展品范围：矿产 / 冶金 / 金属

The 3rd exhibition of household articles

Exhibition area: NingBo ZheJiang province

Exhibition time: from 8 to 11 APR. 2005

Sponsor department: the light industry union of China and NingBo government.

Organizer department: national light industry exhibition center.

Exhibition introduction: real estate, building material and decoration, furniture and house hole electric apparatus. house textile, house facility, green horticulture, home cars and solar energy etc

The 5th international consumable trading fair

Time: from 30 APR 2004 to 4 MAY. 2005

Support: people's government of Xia Men

Sponsor: the international trade promotion committee of Xia Men

Organizer: the trade international exhibition ltd. co.

Co-organizer: the international exhibition ltd. co of Tai Wan jianpin. The alcohol trade union of XiaMen, THE JinMen compatriot sodality. The chamber Commerce of spin and accoutrements of Xia Men. The science development and communication center of XiaMen. the BaiHuiYuan culture and information co.ltd of XiaMen.

Location: XiaMen international conference and exhibition center.

Exhibit area: to show the characteristic Consumer goods from abroad and TaiWan, HongKong, JinMen Electrical home appliances. IT, communication equipment, wine food and beverage, brand clothing, social education service. Comprehensive etc.

The 7th Asian international candy, cookie, chocolate, and ice cream exhibition.

Time: 1st May 2005

Location: China international and science exhibition

Exhibit area: center (BeiJing) food/ beverage/ cigarette and wine

2005 China international meatpacking exhibition.

Time: from 21 Jul 2005 to 23 Jul 2005

Chinese meat association world meat

Sponsor: organization

Organizer: BeiJing ZHONGRUIAOL exhibition co. ltd

Exhibit area: food/ beverage/ cigarette and wine

河北省景县民营经济工业园区简介

景县民营经济工业园区位于景县县城西南部，规划面积9.6平方公里，建设面积3.3平方公里。在建设中，坚持“科学规划、逐步开发、市场运作、高标建设、规范管理”的原则，实施优惠的土地、税收、金融、服务政策，创造良好的发展环境。经过两年的紧张建设，包括先期已安排项目，已完成投资18亿元。

一期工程包括工业区、住宅区、商贸区，总投资8.3亿元。工业区15家企业、项目投资6亿元，已全部投产。到10月底完成产值18亿元，实现利税2.8亿元。住宅区由衡水广厦公司整体承建，总投资1亿元，建筑面积10.7万平方米。一期住宅楼已于2002年11月正式竣工并已全部入住，二期住宅楼建筑面积7.4万平方米，于2004年3月正式开工，11月底竣工。商贸区总投资8000万元，建筑面积10万平方米，可容纳商户500家，2004年3月正式进行市场启动，到目前已全部入住，其中本地商户380家，外地商户120家。临街商住开发项目投资5000万元。

二期工程2003年6月正式启动，包括西部工业区和东部休闲别墅区。基础设施投资5000万元，2003年10月完工，实现了“六通一平”。二期工业区已入园企业7家，项目投资5.6亿元，其中3.3亿元项目一个，1.5亿元项目一个，1000万元以上项目5个。各企业正在抓紧施工，12月底全部投产。休闲别墅区由

大连理工学院整体设计，计划投资3亿元，包括公园、广场、别墅、学校、医院、文体中心等设施。拆迁安置工作已顺利完成，2005年正式开工建设。现正在和石家庄、山东、大连、天津等地前来的开发商洽谈项目，力争到2005年10月份所有项目全部建设完工。

在搞好二期工程建设的基础上，为满足已申请入园企业用地的需要，计划2005年启动三期工业区建设。县有关部门正在跑办用地手续，积极做好三期工程的各项准备工作。

橡塑制品专业市场简介

橡塑制品专业市场位于工业园区内，占地189亩，总建筑面积10万平方米，由河北中期房地产开发公司整体承建，总投资8000万元。其中商住楼500套，交易大棚9个，并设有停车场、绿化广场，道路四通八达，厨、卫、水、电、暖、通讯等设施齐全。2001年10月破土动工，2003年10月正式竣工。

橡塑产业是景县的传统产业和支柱产业，橡塑企业遍布全县各乡镇，业务范围覆盖到全国各省市，近年来又出口到欧洲、东南亚等国。据中国橡塑产业协会2003年统计，景县的橡塑制品销售量已占到全国的三分之一。随着民营橡塑企业的迅猛发展，县委、政府决定，建立一个橡塑制品专业市场，作为企业与市场接轨的龙头和基地，以适应和促进橡塑产业的快速发展。

2004年3月开始进行市场启动，县委、政府出台了《景县橡塑制品专业市场投

资经营优惠政策》，抽调园区管委会、工商、税务、城建、电力、通讯、广播等部门业务骨干，组建了市场管理办公室，通过制作专题片、加大宣传力度、外出和网上招商、搞好上门服务等措施积极吸引各地商户入住。截止目前，商户全部入住，其中本地商户380家，天津、广州、沈阳、青岛等外地商户120家，吸纳从业人员8000人。市场销售已覆盖全国各省市和部分国家和地区。全部商户正常营业后，年销售收入可达2亿元，利税4500万元，从业人员10000人。今后，要进一步加大宣传和招商力度，不断增加销售在全国和世界的覆盖密度，力争用一两年的时间，把景县橡塑制品专业市场建成全国知名的橡塑制品的交易市场和集散地。

河北思尔可金属科技有限公司简介

河北思尔可金属科技有限公司是一家专业化生产厂家,该项目占地143亩,到2006年底总投资达到3.7亿元,垂直造型线4条,加工中心100台,年产精密铸件10万吨,年销售收入保证达到10亿元,争取15亿元,年利润3亿元以上,并由铸件、零件向部件方向发展。该项目分三期完成(第一期一条线已于今年7月正式生产;第二期一条线2005年6月完成;2006年完成第3、4条线)通过几年的努力,使该公司成为具有国际化水平的专业化生产厂家。该项目2003年被国家经贸委批准为全国“双高一优”项目,今年初,省发改委作为全省2004年度第一位国债项目,上报国家发改委。目前,已经审批。

第一期工程投资1.2亿元,建筑面积3万平方米,年产精密铸件4万吨,年销售收入3.09亿元,年利润可达7100万元。目前,已于国内外5家大型集团公司签定供货合同。公司引进国际最先进的生产设备(丹麦迪砂230B造型线),采用科学的管理方式(正在进行TS16949资质培训),拥有雄厚的生产技术和科研开发力量,依靠河北工业大学科技优势,汇集了一大批优秀的中青年科技人才,是一家具有生产、研发能力的高科技型企业。

河北华德钢板有限公司简介

河北华德钢板有限公司属股份制企业,公司占地100亩,建筑面积23000平方米,固定资产1.2亿元,2003年9月投资6000万元建成年产12万吨彩涂钢板生产线,日产量达280吨,可实现销售收入7.7亿元,利税8000万元。目前,一、二季度产优质彩涂钢板4.4万吨,产品销售收入2.2亿元。利税6400万元。

公司彩板生产线主要引进德国先进的技术设备、生产工艺,自动化程度达到了国内先进水平。公司以北京钢铁设计研究院为依托,由中国薄板协会副秘书长、原邯钢板材总经理张占强先生担任总经理,由全国薄板创始人之一的杨佩芬教授任技术总监。公司拥有教授5人,高级工程师15人,销售人员82人,其中国际贸易专业人员12人。

目前,公司生产的彩板,主要用于建筑行业,并具有生产家电板的能力,产品市场前景十分广阔,效益可观,由于本公司重质量、讲信誉,到目前我公司产品已销往全国各地,并得到广大用户的肯定。

公司发挥一流的设计、一流的设备、一流的管理、一流的质量优势,为用户提供优质的产品和服务,争创国内彩板业第一品牌。目前生产家电板、装饰板只有宝山可做,根据市场需要,今年我公司将由建筑用板转向家电及高级装修用板,将取得更好的经济效益和社会效益。

吨。广泛用于建筑、装饰、家电、轻工等行业。到10月底,生产彩板8.61万吨,实现销售收入6亿多元,利税1亿多元。年底,预计完成销售收入8.5亿元,利税1.3亿元。

公司采用国际最先进的“二涂二烘”新型彩涂工艺,全程自动化控制,电气化设备全部是德国西门子、EMG、美国、ABB、进口元件组装,机器设备40%为进口原装。具备快速换色、漆膜厚度自动检测功能,保证涂层的精确度及均匀度。

河北蓝天板业有限公司不但具有先进的生产设备,而且拥有一批高、中级专业技术人员和管理人员。2004年2月份通过了ISO9001:2000质量管理体系认证,获河北省科技企业称号,并被河北省质量检验协会批准为“河北省质量检验协会团体会员单位”。公司技术力量雄厚,管理模式先进,产品质量可靠,发展前景非常广阔。产品销往北京、天津、上海、江苏、西安、沈阳、长春、成都、重庆、杭州、兰州、乌鲁木齐等省市。

河北蓝天板业有限公司简介

河北蓝天板业有限公司是专业生产彩色涂层钢板和热镀锌钢板的企业。公司于河北景县民营经济工业园区,占地面积6.3万平方米,办公楼建筑面积4900平方米,厂房9000平方米,注册资金1亿元。项目投资1.51亿元,引进具有国际先进水平的彩色涂层生产线及连续热镀锌生产线,年产彩涂钢板12万吨,镀锌板15万

Brief introduction of private economic industrial park of Jing County of Hebei

The private economic industrial park of Jing County lies in the southwest of Jing County, Planning area is 9.6 sq. km.

The area of construction is 3.3 sq. km. In construction, insist on principle on "plan scientifically, development, market operation, high standard build, standardize management progressively" implement favourable land, tax revenue, finance, service policy, create the good development environment. Through the tense construction of two years, including has already arranged the project in advance, has already finished investing 1,800 million yuan.

The first stage of the project includes the industrial area, residential area, trade and business area, gross investment is 8.300 million yuan. 15 enterprises in the industrial area, project investment are 600 million yuan, have already all gone into operation. Finish 1,800 million of output value by the end of October, realize 2 profits tax. 800 million yuan. The residential area is undertaken the construction of wholly by the spacious mansion Company of Hengshui, gross investment is 100 million yuan, construction area 10.70,000 square meters, had already

completed formally and had already all moved in in November of 2002 in the first stage of residential building, the construction area in the second stage of residential building is 7.40,000 square meters, go into operation formally in March of 2004, complete at the end of November. The gross investment of trade and business district is 80 million yuan, with a construction area of 100,000 square meters, can hold 500 trade companies, starting the market formally in March of 2004, have already all moved in up till now, 380 local trade companies among them, 120 nonlocal trade companies. The overlooking trader lives to develop 50 million yuan of project investment.

The second stage was started formally in June of 2003, including the western industrial area and eastern recreation villa District. Infrastructure investment is 50 million yuan, completed in October of 2003, realized "six times and a tie" Has already entered 7 enterprises gardens in the second stage of industrial area, project investment is 5.600 million yuan, 3 among them. 300 million yuan one project, 1.500 million yuan one project, 5 projects of more than 10 million yuan. Every enterprise is constructing as soon as possible, all go into operation at the end of December. The recreation villa district plans to invest 300 million yuan by the global design of Dalian Institute of Technology, including such facilities as the park, square, villa, school, hospital, recreation and sports centre, etc... Pull down and arrange work to already finish smoothly, will put into operation formally in 2005. Negotiate the project with such developers coming as Shijiazhuang, Shandong, Dalian, Tianjin and other places now, all project construction is completed to argue strongly until October of 2005.

On the basis of doing second stage construction well, in order to meet and already apply to enter enterprise, land used for need of the garden, the plan will launch the construction of three industrial areas in 2005. The related departments of the county are running and going through the area formality, do every preparation of the third stage of the project well actively.

Brief introduction of professional market of product of rubber and plastic

The professional market of product of rubber and plastic lies in the industrial park, takes up an area of 12.6 hectares, with the whole construction area of 100,000 square meters, undertaken the construction of wholly by the developing company of the real estate of Hebei middle period, gross investment is 80 million yuan. Trader among them live in 500 of floor, transaction old canopy 9, there are parking areas, afforestation squares, the road extends in all direction, such facilities as kitchen, defending, water, electricity, warm, communication, etc. are complete. Broke ground in October of 2001, completed formally in October of 2003. The rubber and plastic industry is the traditional industry of Jing County and pillar industry, rubber and plastic enterprises spread all over all villages and towns of the whole county, the business scope covers the provinces and cities in the whole

country, export to such countries as Europe, Southeast Asia, etc. again in recent years. 2003 of industry's association of Chinese rubber and plastic statistics show, the sales volume of product of rubber and plastic of Jing County has already accounted for 1/3 of the whole country. With the swift and violent development of private rubber and plastic enterprises, county Party committee, government decide, set up the professional market of a product of rubber and plastic, tap and base integrated with the market as enterprises, in order to meet and promote the fast development of the rubber and plastic industry.

Starting the market to start in March of 2004, county Party committee, government issue the professional market of product of rubber and plastic of Jing County invests and manages the preferential policy" transfer such business backbones of the

department as the management committee, industry and commerce, tax, urban construction, electricity, communication in the garden, broadcasting, etc., have set up the management office of the market. Attract the regional trade company to move in actively through a measure of making special topic film, devoting more efforts to propagating, going out and promoting trade and investment, making house calls well on the net etc... Up to now, the trade companies all move in, 380 local trade companies among them, such 120 no local trade companies as Tianjin, Guangzhou, Shenyang, Qingdao, etc., absorb 8000 employees. The market sale has already covered the provinces and cities in

the whole country and some countries and regions. After all trade companies open normally, the annual income from sales can be up to 200 million yuan, profits tax is 45 million yuan, employees are 10000. In the future, should devote more efforts to propagating and promoting trade and investment further, will be increasing and selling the density of cover in the whole country and the world constantly, strive to build professional market of product of rubber and plastic of Jing County into the trade markets and distributing centres of the national famous product of rubber and plastic in one or two years.

Hebei thinks in brief introduction of very metal Science Technologies Co., Ltd.

Very metal Science Technologies Co., Ltd. is a specialized manufacturer that Hebei thinks, this project takes up an area of 9.533 hectares, and the gross investment has been up to 3 by the end of 2006. 700 million yuan, 4 lines of vertical model, 100 machining centers, produce 100,000 tons of precision castings per year, the annual income from sales guarantees to reach 1 billion yuan, strive for 1,500 million yuan, annual profit more than 300 million yuan, and is developed toward part from the casting, part. This project was finished in three stages (first issue and a line has already been produced formally in July of this year; Second issue and a line is finished in June of 2005; Will finish the third, 4 lines in 2006) make this company become the specialized manufacturer with internationalized level through a few years' efforts. This project was approved by trade committee for the project that "a pair of Senior One was excellent" of the whole country by the country in 2003, at the beginning of this year, the development and reform committee in the province reports to the national development and reform committee as 2004 first national debt project in the whole province. At present, have already examined and approved.

The first project investment. 200 million yuan, with a construction area of 30,000 square meters, produce 40,000 tons of precision castings per year; the annual income from sales is 3. 900 million yuan, annual profit can be up to 71 million yuan.

At present, have already signed the supply contract in 5 domestic and international large-scale group companies. The company introduces the most advanced production equipment of world (Denmark guides the sand 230B model line), adopt the scientific management style (carrying on TS16949 qualification and training), have rich production technology and scientific research and development strength, depend on the scientific and technological advantage of polytechnic university of Hebei, has gathered large quantities of outstanding young and middle-aged skilled personnel, it is a high scientific and technological enterprise with production, research and development ability.

Brief introduction of Hebei China Germany stencil plate Co., Ltd.

Hebei China Germany stencil plate Co., Ltd. belongs to the share-issuing enterprise, the company takes up an area of 6.667 hectares, with a construction area of 23000 square meters, 1 fixed asset. 200 million, invest 60 million yuan build up and produce 120,000 tons of colors with stencil plate production lines per year will it be September 2003, the daily output is up to 280 tons, can realize the income from sales 7. 700 million yuan, profits tax is 80 million yuan. At present, first, produce the high-quality color and apply stencil plate 4 in the second quarter. 40,000 tons, income from sales of products is 2. 200 million yuan. Profits tax is 64 million yuan.

Introduce Germany advanced technical equipment; production technology mainly in company color board production line, the automatic degree has reached the domestic advanced level. The company designs the research institute as the backing with

Beijing steel, is served as a general manager by association vice general secretary, former Handan Iron and Steel Co. panel general manager Mr. Zhang ZhanQiang of Chinese sheet metal, Professor Yang PeiFen, one of the national sheet metal founders takes the post as the technological director. The company has 5 professors, senior engineer is 15, sales force is 82, and professional personnel of international trade are 12 among them.

At present, the color board which the company produced, is used in the building trade mainly, having ability to produce electrical home appliances board, the market prospects of the products are very wide, benefit is considerable, because the heavy quality of our company, valuing reputation, the products of our company have already been sold to all parts of the country up till now, get the affirmation of the masses of users.

The company gives play to first-class design, first-class

equipment , first-class management , first-class quality advantage , offer high-quality products and service to user, strive for and applause in the first brand of board industry at home. Only Baoshan County can be done to produce electrical home appliances board, tailboard at present, according to the needs of market, our company will turn from board for building to the electrical home appliances and fit up using the board advancedly this year, will make better economic benefits and social benefit.

Brief introduction of Co., Ltd. of blue sky board industry of Hebei

Co., Ltd. of blue sky board industry of Hebei is enterprises which specialize in the stencil plate of colored coating and hot zinc-plated stencil plate. The company lies in the private economic industrial park of Jing County of Hebei, cover an area of 6. 30, 000 square meters, the office building is with a construction area of 4900 square meters, the factory building is 9000 square meters; registered capital is 100 million yuan. 1 of project investment. 5,100 million yuan, introduce the production line of colored coating with international most advanced level and hot zinc-plated production line in succession, produce 120,000 tons of colors with stencil plates per year, and plate 150,000 tons of photo zincography.

Used in such trades as building, decorating, electrical home appliances, light industry, etc. extensively. By the end of October, produce 8 color boards. 610,000 tons realize the income from sales of more than 600 million yuan, profits tax is more than 100 million yuan. The end of the year, is it finish 8 income from sales to it is estimated. 500 million yuan, 1 of profits tax. 300 million yuan.

Company adopts the most advanced " painting 2 and baking 2 times " new-type color with craft in world, whole automation is controlled, electrified all equipment German Siemens, EMG, U.S.A., ABB, import component assemble, 40% of machinery equipment, in order to import original packagingly. Possess and change the color fast, paint the thickness of membrane to measure the function automatically, guarantee the accuracy of the coating and degree of consistency.

Co., Ltd. of blue sky board industry of Hebei not only has advanced production

equipment, and there are a group of high, intermediate professional and technical personnel and administrative staff. Through ISO9001 in will it be February 2004: 2000 quality management system authentication, obtains the scientific and technological enterprise ' s title in Hebei, and is sanctioned for " ember unit of association ' s group of quality inspection of Hebei " by Hebei quality inspection association. Company ' s technical force is rich, the management mode is advanced, product quality is reliable, and the development prospect is very wide. The products are sold to such province and city as Beijing , Tianjin , Shanghai , Jiangsu , Xi ' an , Shenyang , Changchun , Chengdu , Chongqing , Hangzhou , Lanzhou , Urumchi ,etc..

高薪技術項目

* 自由组合式密码锁生产线 *

本发明提供了一种能广泛用于自行车、电动自行车、摩托车、三轮车、汽车、防盗门、保险柜等领域起防盗作用的自由组合式密码锁。它通过数字密码盘固定锁轴，再通过锁轴固定锁杆。传统锁具大多用钥匙开启，其弊端在于一是钥匙易于丢失、损坏、二是由于结构单一，容易开启，故失窃率高。将电话号码、身份证号码等移植到数字密码盘上(密码盘可多可少，以七位较适宜)，任意一个数字密码盘对不上，锁子将无法打开，且密码重复的可能性几乎为零，这就使每个锁具有个性化。从排列组合的角度讲，要想打开一把不知道密码的锁子与想中头彩难度相当。构思巧妙，结构简单，成本低，防盗性能强，坚固耐用，市场前景广阔，属劳动密集型产业，有利解决就业。

技术入股，合作经营。

* 一种加水燃油的制备方法 *

一种加水燃油(包括90号汽油、0号柴油及重油)的制备方法。采用了起主导作用的液体微粒化法。将两种液体，水和燃油分别经雾化器在雾化筒内进行微粒化后，再加添加剂，三者混合，在搅拌器中搅拌后而成。能使汽车发动机的燃烧室温度下降5% - 10%，使有害物氧化氮(NOx)的生成减少30% - 50%，且同时减少CO₂的排放量，这就降低了对环境的污染。因此它是一种生态燃料。能显著地节约能源。采用的雾化器，有多种型式，如喷嘴嘴和本人发明的双喷嘴嘴，超声波发生器，以及超声波发生

器和静力混合器(由管形壳套包括一系列的固定渐开线元件所组成)的组合等等。可为市场供应绿色环保的新能源。

* 纳米水 *

纳米水商品名称为“纳米仙水”它是把纳米水作原料水，即可当饮料，又可提高人体免疫功能的双重饮品，它能抗癌，抑制癌细胞生长。饮用它，不形成高血脂，血红细胞分散不凝聚，动脉管壁干净。血中抗动脉粥样硬化的高密度脂蛋白升高。它能强力渗透细胞膜，滋养细胞，使淋巴细胞的内外环境改善，并降低了血粘度，人体内微循环改善，随之免疫器官的功能。淋巴循环，得到加强，大幅度的提高免疫功能。从而使人们的体质能得到普遍的提升。为人类健康和延长寿命做出巨大贡献。潜藏着巨大的竞争力，商业前景无限。

* 汽车行车安全监控数码影像黑匣子 *

本产品属于汽车安全监控设备，其与众不同的功能在于：与现有的数据型汽车黑匣子相比，除时钟数据外，它不提供车辆行使中的任何数据参数；它只提供车辆在事故发生前后几分钟、几十分钟甚至更长时间的车内外事故的影像记录，能为事故的调查处理提供了有力的影像证据；与现有的摄像头加DVR录像机组成的车载电视监控系统相比，它没有车载安装线路，它外形小巧玲珑，就是一个集摄录像、播放功能为一体的微型数码摄像机，但与市场上现有的微型数码摄像机相比，在性能上有很大提高，其

特征在于:具有两个摄影镜头可以拍摄车内外前后两个方向的影像;采用两套图像存储器(包括可拨插的外存储卡)结构,用两块存储器组成一个简单可靠的图像循环记录系统,不仅能够随时自动刷新过期图像,保持最新的影像资料,而且能够通过外存储卡,将事故影像资料及时脱离设备保存,是一种新型的汽车行车安全监控数码影像黑匣子。除汽车领域外,还可以开发系列产品,例如,可应用到工厂机 设备的劳动保护监控和民用公共安全防范领域的监控。本产品所涉及的摄像、录像、图像回放技术都是现有的公知技术,在现成的产品基础上解决两块存储器之间的转换电路和两个摄像镜头之间的转换电路,就可以生产出本产品。本专利一次性转让,价格为税后人民币 500 万元。

* “脑心复康丸”“肝宁丸”寻合作伙伴 *

脑心复康丸和脑心康泰丸,治疗心脑血管疾病,供血不足,脑血栓、脑梗塞、脑出血后遗症。偏瘫、半身不遂、四肢麻木、口齿不清、血稠、左瘫右痪、动脉硬化、可软化血管、活血化淤等功效。肝宁丸对于治疗各种慢性肝炎,如脂肪肝、酒精肝、病毒性肝炎、传染性肝炎、胆囊炎等有特殊疗效。以上项目诚寻合作。

* 一种内燃机的配气机构 *

本项目是在现有的配气机构的基础上,它只对配气凸轮和汽缸盖作很小的改动,就能使内燃机具有以下效果:

1. 通过改变气门的工作方式,使进、排气流通面积增加 100%
2. 使内燃机可用单气门进、排气,极大的简化了配气机构。
3. 降低了内燃机的油耗和排放,既节省了燃料又减少了污染。
4. 使任何内燃机可以扫气。

* 内燃机增氧密闭汽缸项目 寻合作伙伴 *

本项目设计独特,具有以下特点;发动机活塞上下运动更轻,更自如(上下做垂直运动)。使发动机输出功率增大。比现有发动机汽缸更密封,活塞更耐磨,减小摩擦阻力,不省耗机油自动润滑活塞环不磨损缸筒壁。发动机在高温高速下运行更平稳,无颤抖,无敲缸想象。启动时机械运行更省力。燃料燃烧更完全,节约燃料。尾气排放标准更高,无污染、更环保,节约能源等特点。

* 前后气囊换气除臭鞋 *

本实用新型涉及一种鞋子,具体地说是一种前后气囊换气除臭鞋。本实用新型具有的优点:一是有排除足汗及异味的功效;二是由于有中间气槽垫及透气面垫的存在,能使从前后气囊送出的空气快速流到足的各部位,从而保证了换气除臭的功效。

* 治疗艾滋病的中药“抗艾化温丸” *

本发明的目的在于提供一种注重整体效果与局部效果兼顾祛温化毒、清营凉血,监控邪热淫毒入管,或入血分,解毒,透热

养阴,清瘟败毒,增强人体免疫功能,对艾滋病的免疫及治疗具有良好的疗效,无毒副作用,服用安全,疗效显著,也是对世界全球患有艾滋病的一大贡献。另本人有治疗心脑血管疾病的中药囊剂、治疗类风湿病的中药、治疗胃病的中药、治疗糖尿病的中药囊剂、治疗乙肝的中药、一种抗癌中药丸剂项目诚寻合作伙伴,以上项目都已申报国家专利,合作事宜面议。

* “肝脾灵粉”和“长寿保健茶”项目 转让 *

肝脾灵粉日前由淮北市肝病研究所所长赵忠勇经过 26 年的临床验证,精心研制而成,本药对治疗乙型慢性活动性肝炎(阳转阴)、肝硬化、脾大、良性肿瘤有奇效。长寿保健茶是经过去年非典时期探索和验证,研究出一种能预防非典和各种瘟病的药方,对脾虚、肾虚、大便干燥、免疫功能低下,确有浮鼓之效,本茶可制成饮料,每日一瓶则可延年益寿,精力充沛,免疫功能提高,是送礼的最佳礼品。适应范围:中老年可用,四季皆宜。

* YDZ 型直驱式震动棒简介 *

在建筑施工中,水泥构件广泛采用钢筋构件连接体作为提高水泥构件强度的办法。为保证灌注后的水泥构件内无气泡空穴,水泥和钢筋框架紧密地连接一体,构件达到使用强度。必须在灌注水泥沙石浆时进行振动密实作业。振捣棒就是进行振动密实作业的工具。

本振动棒供电为 220V50HZ,经二次逆变为交流 36 伏,频率为 200HZ 电机转速 11500 / 转 / 分。实现了高效作业,快捷施工。由于本产品为 36 伏工作电压,实现了手持工具安全化。同老产品三相供电有软轴传动的行星式的震动棒不可比拟。产品采用轴承

精密组装,实现了施工操作低噪音,有效减少了施工对环境的噪音污染。手持胶管长度可达25米,实现了施工的大半径和大深度的需求。产品整机总重不超过20kg,手持操作部位不超过10kg,使操作和运输轻便有利。本项目采用新科技、新技术,实现了高效、节能低电压工作安全和低噪音施工解决了环境的噪声污染的换代产品。

* 双键控制即断延时开关 *

本项目已获得国家专利,目前市场上所售延时开关都是以声音或触摸为信号,只能延时断电。而本专利产品特点为即能延时断电又能根据使用者的需要立即断电,且使用极为方便,可在家居及公共场所广泛应用,成本远低于声控或触摸延时开关,是您开拓新生市场的得力武器。本人欲采取普通实施许可加大区域独占的方式寻求厂家合作,具体事宜面议!

* 异步交流调速电动机项目寻 合作伙伴 *

交流调速电动机是应生产工艺和生活需要而存在,用途十分广泛。对提高加工精度,工艺水平和产品质量,减小生产机械体积,改变风泵、水泵流量等是不可或缺的设备。可以广泛适用于矿山机械,纺织机械,发电设备,机械加工设备,起重、吊装、输送设备,电梯等各种对速度有要求的设备。

* 一种减速机项目转让 *

本实用新型涉及一种减速机,包括减速齿轮箱,减速齿轮箱内设有一级或二级或三级齿轮减速机构,减速齿轮箱被中间支承壁分为两个减速室,第一级减速机构的高速主动轮和与其啮合的高速被动轮安装在第一减速室内,第二级或第二、第三级减速机构设置在第二减速室内,第一级减速机构的高速主动轮通过其转轴上安装的两个轴承以平衡式安装方式转动安装在减速齿轮箱前端壁和中间支承壁上,其余各齿轮也均以平衡式安装方式通过轴承转动装配在减速齿轮箱前端壁和中间支承壁及中间支承壁和减速齿轮箱后端壁上。由于本实用新型将高速主动轮等各齿轮均采用双侧轴承支承转动安装的平衡式安装结构,避免了因转轴的摆动和扭曲造成的偏载受荷,使整个齿轮接触良好,受力均匀,从而大大地降低了噪声,减小了磨损。

* 体育训练模特(简称TMX) *

TMX产品简介:该产品设计形状仿制人体,制成站立防守姿势,采用弹性材料与刚性构件结合,外部用橡胶材料,内部用钢材支撑,该产品也根据武术动作设计系列模特。所述的模特钢柔相济,即可拳打脚踢,练硬功替代木桩和沙袋,又可训练牵手、拔手、推拉、扭头等技巧动作替代陪练,具有坚固实用的特点,可成倍提高训练者的技能。该产品主要设计面对武术和健身爱好者,现在市场上或健身房见到的训练器材都是器材规定了人们的动作,没有一件器材让人有自由选择运动的空间,训练呆板、无刺激。它把人体的原形全部显现出来,使其训练功击部位明确,把假想与现实合为一体,增加了训练的刺激感、兴趣感,目前属于世界武术健身器材行业最佳产品。

* 液体纳米小球润滑油 *

此油与传统的润滑油相比,液体小球润滑油在机理上的突破在于:用耐高温、有极强粘附能力的、平均液体力学直径为纳米级的润滑油液态小球部分地取代了油膜,置于摩擦副表面上,将其隔开,形成了润滑。所以,在摩擦表面上的油膜已被撕裂而失去润滑能力的条件下,由于数量众多,附着力极强,又能耐高温的液体纳米小球的存在,摩擦表面仍能被隔开,不会发生摩擦表面的直接接触,因而使摩擦面得到可靠的润滑。在润滑油突然中断的情况下,被润滑表面上的液态润滑油小球也不会立刻消失,仍能维持一段时间,从而保持了工作表面得到一段时间的润滑。故使用本机油,内燃机的抗拉缸,抗咬合的能力得到极大的提高。同时,即使内燃机设计中不采用提前供油的措施,内燃机也不会发生“起动附加磨损”。另外这些液体纳米小球可以提供类似“滚动”摩擦那样的摩擦润滑,其摩擦阻力虽然达不到固体滚动小球那样的低水平,但比流体摩擦的阻力要小,当然比混合摩擦要小的多,故此,内燃机有更好的节能性。另本人还有“汽油机使用的乙醇汽油及其配制方法”项目寻求合作。

* 一种治疗乙型肝炎的中药水丸制剂 *

本药经临床治疗病毒性乙型肝炎近20年,临床疗效高,成本低,无毒副作用,服用携带方便,并有健脾胃、益肝肾、补气血、增强免疫力的功能,可使大小三阳在短期内快速转阴,促进抗体产生。特别对降低高黄疸、高转氨酶更是奇效,在极短时间内即可恢复正常,不反弹。是治疗病毒性乙型肝炎的理想良药。本方是纯中药制剂,一个月的成本约二十元,三个月一疗程。市场前景广阔。

* 多功能保洁器项目 *

多功能保洁器是一种集卫生保洁、健康保健的多用途便携式保洁、健康用品。主要用于老、弱、病、残的护理、婴幼儿会阴部清洁、女性阴道冲洗、内阴给药、开放性创面的清洗治疗、女性泌尿、生殖系统感染、预防性病传播和痔疮的防治以及人们便后冲洗的一种电喷便携式卫生保洁、保健用品。它由三个可互换具有不同功能的外阴冲洗头、腔道冲洗头及护理冲洗头和“毛巾”组成。诚寻合作,棉议!

* 多桨风力发电机 *

多桨风力发电机是一种聚集风力发电的机械,它不受任何方向和气候限制,在多桨的基础上能大面积地采风,使之提高功率,其结构简易,运转灵活,安装稳固,延伸性强,它主要建站地点是以高山山峰为主,无需挖掘开采运输,而且安全清洁,它分布广,是一个永久性能源。本机投资小、见效快、持久性强、多机连通,它的电量是不可估量的。如真正开发好和利用好,它就是人类巨大的物资财富。寻求转让合作!

* 金丙酒项目 *

本发明是一种养胃酒,由红参、杜仲、木瓜、枣仁、秦艽、灵芝、大枣、六曲、青皮、甘草、白芍、桂皮和萆薢组方经白酒

浸泡,弃渣过滤再加入白糖和洁净水调配而成。本发明的养胃酒,所选用的中药材来源广泛,配方独特周密,而且泡制时间短,容易实现工业化批量生产;本发明养胃酒,酒度低,口感香甜,具有补血益气、健脾益肝肾、固本培元之功能,无任何毒副作用,坚持每天饭前半小时饮用,每次15-18克,极量可达210克不醉人,有病可除病,无病能保健,是一种适合各阶层男女老少饮用,而且四季皆宜的养生佳品。

* 简型踏步色相防滑装置 *

为了使踏步防滑装置普及化 本实用新型向建筑房地产业提供一种造价低廉,能为建筑量最大的民用住宅建筑的有限投资所承受;而且,材料来源充足,设置稳固,经久耐用,工艺简易、施工方便的简型踏步色相防滑装置。

本实用新型由色相防滑条及其相匹配的踏步面板组成。色相防滑条嵌固在踏步面板的前沿,面层铸刻有与所配套的踏步面板面层装饰原色明显相异的色相花纹,使踏步的每步之间的距离感觉都有明显的色相识别。色相防滑条及踏步面板的规格尺寸可以根据建筑物的设计功能灵活而定。

本实用新型的有益效果是可以帮助引导有视力障碍的人群,根据安装在梯级踏步前沿的色相防滑条,比较容易地辨别出梯级的上、下步数,从而平安地上下梯级,避免不应有的意外伤残,为人们的行走安全提供可靠的保障。同时,本实用新型由于造价低,材料来源充足,能够为绝大部分建筑物的有限投资接受采用,便于普及推广。

* 一种消声装置 *

本实用新型涉及音源处理技术领域,具体涉及一种消声装置。本实用新型要克服现有技术降噪效果不理想并排放大量有害物质的缺点。其技术方案是:包括进气口、外壳和排气口,所述进气口与外壳渐扩相接,外壳内设置有减压锥,减压锥的大端与外壳连接,小端上设置有出气口,小端与排气口之间设置有空腔,减压锥的外侧设置有螺旋板,该螺旋板在空腔内螺旋式向外壳渐收,减压锥上设置有多小孔,所述与螺旋板接合处的外壳渐收与排气口相接。本实用新型可适用于工业、农业、交通运输业和国防事业等各个领域内。

* 多功能护理床 *

一种多功能护理床,由床面板机构和床头板构成,床面板机构由枕头板、靠背板、座板、前侧板和脚踏板通过铰链顺序连接构成,靠背板的两侧设置有扶手板,座板的下侧设置有支架,支架由前支撑装置、后支撑装置构成,支架中、座板的下方设置有便器升降器,在座板上设置有一个开口,开口中设置有一个便口封板,便口封板与便器升降器连接,床头板设置在枕头板的头部。前、后支撑装置的下端设置有轮子,前、后支撑装置分别由撑杆式千斤顶和连杆机构构成。本实用新型利用支撑装置改变床的结构,可实现床、躺椅、轮椅等多种功能,最大程度地满足了病人的需要,同时还设置有合理的便器升降器,病人大小便方便自如,减轻了护理人员的劳动强度。

* 一种高效太阳能发电装置 *

一种高效太阳能发电装置 其特点是由机架部分和铰接于机架上的太阳能发电箱体部分构成本装置,机架部分有电机驱动装置,电机驱动装置的输出连接到太阳能发电箱体部分构成电机驱动太阳能发电箱体转动的机构,在太阳能发电箱体部分安装有光控盒。利用电机转动带动太阳能发电箱体转动,由光控盒接收的光线经控制电路和减速驱动系统控制电机转动位置,对光线进行跟踪,保证太阳能发电箱体能自动对准阳光。其优点是聚光和简单的日跟踪系统,使光电池的发电效率成倍提高,从而达到在输出相同功率的情况下,减少光电池的使用量,可单个使用,也可多个组合成各种功率的太阳能电站,使太阳能发电的应用获得更广泛的空间。

* 一种治疗腰椎间盘突出症的中药口服醇剂 *

一种治疗腰椎间盘突出症的中药口服醇剂及其制备方法 由杜仲、续断、肉苁蓉、骨碎补、鸡血藤、怀牛膝、鹿含草、木瓜、茜草根、狗脊、伸筋草、黄芪、熟地、炮山甲、蜈蚣、全蝎、白参、白花蛇、海马、鹿角胶按组方重量配比,投入5公斤52度纯粮白酒中,浸泡一个月后分剂装入瓶中供临床使用。其功效补肾固本、填髓生精、行气通络、活血止痛,对腰椎间盘突出症具有标本兼治之效。

* 一种治疗甲、乙型肝炎的中药 *

一种服用主方能达到生血活血,疏肝利湿,清热解毒,健脾开胃,软坚散结,除酶退黄的治疗甲乙肝病的中草药制剂及配方。服用主方能达到生血活血,疏肝利湿,清热解毒,健脾开胃,软坚散结,除酶退黄。甲肝病一个月即可治愈。服用附方一 能净化血液,转阴。服用附方二能清理体内垃圾,消炎利胆,排出肝胆毒素,补肾。肝腹水、肝硬化在服用附方二以后均可见效治愈。凡服用本发明治疗痊愈的肝病病人,不会再复发。

* 一种风力干选机 *

本实用新型涉及风选设备,特别是一种风力干选机。它包括机架、吊挂装置、分选床、激振器、风室、进风筒、吸尘罩、接

料槽,该机架上部通过吊挂装置吊挂有传动支架,该传动支架上部通过调角器装有横向倾斜设置的分选床及风室,下部装有纵向倾斜设置的同步带差动激振器,该分选床床面呈矩形,其上铺设带有孔的锯齿型橡胶筛板,该风室内装有由导风隔板构成的风量调节装置。该干选机适应于分选煤中的矸石、矸石中的黄铁矿及比重差别较大的两种以上固体物料混和物。对粒度、水份的适应范围较宽,能耗少,生产能力大,分选效果好。

* 一种高压油泵 *

这种高压油泵工作原理是在高压油泵上采用正反啮合,所有柱塞、柱塞付正常工作,发动机处于最大状态,在发动机 怠速时

采用 调带器 和油位齿条及反正拉杆带动正反拨叉同时运行控制油量,使本油泵转数比普通油泵降低30-50转。因此,致使发动机在 怠速时,一半的柱塞停止工作,使其怠速节油50%,这种新型高压油泵适用于两缸以上柴油发动机组,具有节能,延长使用寿命,减少机械磨损,减少城市污染50%,废气减少50%,噪音减少50%的优点,同时还解决了柴油不能存放三年,元素自然消失,柱塞不能新陈代谢等弊病。这种油泵适用于怠速时间长的柴油机,如4125、6100型怠速时间长,起动太困难,铁路的旅客列车和城市公交车,刹车收油十几个至几十个停车站点,铁路货车编组倒站15分钟之内不允许熄火等 都必须有长时间的发动机怠速运转,这种新型油泵 使这段时间的无功能消耗减少了一半,并减少了机械的磨损,但使用此油泵,比原油泵增加造价50-60元

NES AND HIGH TECHNOLOGY PROJECT

* Lock the production line in sectional password of freedom

This invention has offered one kind and can be used in the bicycle extensively, the sectional password of the freedom that such fields as electronic bicycle, motorcycle, tricycle, automobile, burglary-resisting door, safe deposit box, etc. play a theft-proof role is locked. It fixes the axle of the lock through the digital password one, fixes the locking lever through the axle of the lock again. The traditional tools to lock are mostly opened with the key, its drawback lies in one is that the key is easy to lose, damage, two is because the structure is single, easy to open, so the suffering loss by theft rate is high. Move telephone number, ID card number, etc. bone get digital password plate (password record very large and very little, suitable for relatively with seven), a digital password of to, lock son to be unable to turn on records, and the possibility with repeated password is nearly zero, this makes each lock individualize. Say in term of arranging and making up, if you want to open the something small and hard of lock not knowing the password and think the degree of difficulty of a kind of first prize in a lottery is about equal. The plot is ingenious, of simple structure

, with low costs, theft-proof performance is strong, sturdy and durable, the market has a bright future, belong to labour-intensive industry, favorable to solve employment.

Technology investment, cooperate in managing.

* A kind of method of preparation with water fuel

One add preparation method of water fuel (include No. 90 gasoline, size 0 diesel oil and heavy oil). Have adopted the liquid particle law playing a leading role. Two liquid, water and fuel after carrying on particling in atomization tube by atomizer respectively, adding the additive, the three mix, succeed after mixing in the agitator. Can make the temperature of combustion chamber of the automobile engine drop by 5%~10%, the formulation of making the harmful thing oxidize the nitrogen (NOx) reduces by 30%~50%, and reduce the emission of CO₂ at the same time, this reduced pollution of the environment. So it is a kind of ecological fuel. Can economize the energy remarkably. The atomizer adopted, there are many kinds of patterns, such as fuel sprayer and dual spout fuel sprayers which I invented, ultrasonic generator, and association of ultrasonic generator and quiet strength person who mix (in charge of shape shell suits of including a series of regular involute component make up). It is the new energy of green environmental protection of the market supply

* Nanometer water

Nanometer water obtain national patent already now, initiate for world, belong to leading high top scientific and technological field project of world level.

Nanometer water trade name it regard nanometer water as raw materials water for "nanometer celestial water" can act as the beverage, can improve the double drink of human body immune function, it can resist the cancer, suppress the cancer cell to grow. Drinking it, does not form the high fat of blood, the blood red blood corpuscles is dispersed and does not condense, the

artery is in charge of the wall clean. HDL resisting the scleratheroma rises in the blood. It can brute force permeate cell membrane , nourish cell, make the internal and external environmental improvement of the lymphocyte, reduce blood viscosity, human body little circulation improve, immunity device function that in charge of thereupon. Lymph circulation, enhance, the immune function of improvement by a large margin. Thus enable people's physique to get general promotion. Make enormous contribution for human health and life-span of lengthening. Hiding the enormous competitiveness, the commercial promise is limitless.

* Digital Image Black Box to Ensure Safety in Driving

This product is to guard cars safe. Its unique function lies is that, compare with the existing data black box of car, except clock data, it offers no data parameter during driving, it just offer the image record in minutes, tens of minutes even longer time before and after the accident, so it can offer important evidence for the investigation and handling of the accident; compare with the existing TV guarding system that consist of video camera and video recorder, it has no in-car installing circuit, and it is small and exquisite, indeed it is a micro digital camera that has functions of camera and recorder. However, compare with the existing micro digital camera in market, the functions are better, it cannot only renovate expired pictures at any time to keep the latest information, but also can save the information of accident separated from the equipment on time through the outer memory card. It is the latest digital image black box to ensure safety in driving. The ownership of this patent is transferred at a time at the price of 5,000,000 RMB after tax.

* " the brain heart replies the health pill "the peaceful pill of liver " of " safe pill of brain heart "seeks the cooperative partner

The brain heart replies the health pill and safe pill of brain heart, treats the heart brain blood vessel disease, the blood supply is insufficient, cerebral thrombus , brain block , the cerebral hemorrhage and sequelae . Hemiplegia , hemiplegia , four limbs numb , ability to speak unclear , blood thick , left paralysed right paralysis , artery sclerosis , can soften blood vessel , silt efficiency of invigorating blood circulation etc.. The peaceful pill of liver, for treating various kinds of chronic hepatitis, for instance fatty liver , alcohol liver , virus hepatitis , infective hepatitis , cholecystitis ,etc. have special curative effect. The above-mentioned projects seek cooperation sincerely .

* Mixing the angry organization of a kind of internal-combustion engine

This project is on the basis of existing mixing the angry organization, it only does very little change in mixing the angry cam and cylinder head, can make the internal-combustion engine have the following result :

1. Through changing the working way of the valve , enable entering , exhaust to circulate the area and increase by 100% 2. Make the internal-combustion engine can be entered , exhausted with the single valve , the great one has simplified the angry

organization of mixing . 3. Have reduce the oil consumption of the internal-combustion engine and discharge, has save the fuel as well as reduced pollution. 4. It is angry to make any internal-combustion engine can be swept

* The oxygenation airtight cylinder project of the internal-combustion engine seeks the cooperative partner

This project design is unique , have the following characteristic; The piston upper and lower sports of the engine are lighter, more freely (do vertical sports from head to foot). Make the output power of the engine increase. Seal even more than the existing engine cylinder, the piston is more wear-resisting , reduce friction obstruction, do not save and consume the engine oil and lubricates the piston-ring and does not wear and tear the jar tube wall automatically. Engine run steady under high-temperature high speed, is it tremble to have, is it strike jar imagine to have. ,Machinery runs and saves effort even more while starting. The fuel burns more complete, economize the fuel. Tail gas discharge standard high, pollution-free , environmental protection, economize such characteristics as the energy ,etc..

* Before and after gasbag take a breath deodorization shoes

This practical to involve one shoes while being new-type, one gasbag take a breath the deodorization shoes particularly. This practical new-type advantage that has: First , there is efficiency of getting rid of foot sweat and peculiar smell ; Second, because angry trough cushion and ventilative pieces of existence of cushion the middle having, can make air that gasbag send flow all position to reach foot fast after the the past, thus the efficiency of guaranteeing to take a breath and deodorize.

* The traditional Chinese medicine cured AID " esists and ends to melt the warm pil "

Invention this purpose lie in offer one pay attention to whole result and some result is it dispel warm to take poison , clear camp cool blood to give consideration to, control evilly and hotly and excessively and poisonously and enter and is in charge of, or enter the blood to divide, detoxify, it is raised overcast that it is completely hot, clear acute communicable diseases denomination, Strengthen human body's immune function, have good curative effect to the immunity and treating of AIDS, nonpoisonous side effect, take the security, evident effect, it is to a great contribution of suffering from AIDS in the whole world in the world too. Another have bag pharmaceutical of traditional Chinese medicine cured heart brain blood vessel disease in person, traditional Chinese medicine cured rheumatoid disease, traditional Chinese medicine , bag pharmaceutical of traditional Chinese medicine , the traditional Chinese medicine cured second liver , a kind of anticancer traditional Chinese medicine pill project cured diabetes cured stomach trouble seek the cooperative partner sincerely , have all already declared the national patent in the above-mentioned projects, matters concerning cooperation is personally discussed.

* Brief of the YDZ shaken excellently directly driving type

Cement component use the reinforcing bar linking is widely used in construction to improve its strength. To ensure there is no air bubble hole in cement component and the cement and the frame are close together as a whole to achieve the standard of using after pouring, it must be made dense when pour cement and sand liquid through vibrating. Vibration stick is the very tool to practice it.

The power supply for this tool is 220V50HZ, inverse to AV36V after twice of against, frequency is 200HZ at speed of 11500/circle/minute, so it is quick and efficient. For the voltage is 36V, it safe for handholding. It adopts bearing accurate assembling, with little noise when carry out construction, so reduce the noise pollution to the environment efficiently. The handhold rubber vessel can be as long as 25 meters satisfy the need for large radius and depth when constructing. A whole machine is not over 20 kg in all, and the handhold part is not exceeding 10 kg, so it is convenient to operate and transport. This very project adopts new science and technology, it save energy and use low voltage, has no bad effect on environment, so it is the best product to replace the old ones.

* “efficacious powder of liver spleen” and “macrobiotic health care and tea” projects are transferred

Liver spleen clever powder Zhong Zhao brave through clinical verification for 26 years by Huaibei city liver diseases research institute chief a few days ago, develop meticulously, medicine this to treat B-mode chronic activity hepatitis (male genital turned overcast), cirrhosis, splenomegaly, benign tumor had strange results. Macrobiotic health care and tea explore and prove through the SARS period of last year, could prevent SARS and prescriptions of different seasonal febrile diseases while working out one, empty to the spleen, suffer from a deficiency of the kidney, the dry, immune function of stool is low, the result of the drum really floats, This tea can make beverages, one bottle can promote longevity every day, energetic, the immune function improves, is the best gift giving a present. Accommodation: Middle-aged and old can use, four seasons should all.

* A key control breaks the switch that postpone the hour

This item has acquired the national patent, current market the switch for to sell postpone regard voice or touches as the signal, can postpone for hour power failure. And a patented product characteristic can cut out in order to delay time to cut out immediately according to the needs of user, And it is extremely convenient to use, can be in the house and extensive application of public place, the cost is well below voice control or touch and delay time the switch, it is a capable weapon that you opened up the new born market. I want to take and permit strengthening the way monopolized in area and seeking producer's cooperation ordinarily, the concrete matters are personally discussed!

* The exchanges adjusts electric motor item looks for to cooperate colleague

The exchanges adjust electric motor is to shoulds produce as the craft need with the life exist, the use is very extensive. Process the accuracy to the exaltation, craft level and product quantity, let up the production machine physical volume, change breeze pump, water pump discharge etc. is a necessary equipments. Can be applicable to the mineral mountain machine, spinning machine, generate electricity equipments, the machine processes the equipments, rising heavy, mourn to pack, transport equipments, elevator etc. is every kind of equipments of request the speeds.

* A producing line of free combination cipher lock

This intention offers a kind of free combination cipher lock that can guard against theft in bike, electrically operated bike, motor car, tricycle, car, door against theft, safe and so on. It fixes the axis of lock through a digital cipher dish, and then fixes the shaft through the axis. The phone number or ID number can be transplanted onto it (the places of figures are variable, but seven places is the best), this lock can not be opened unless all places of digit are the same as the cipher set before, and the possibility of two same ciphers is zero, then each lock is individual. The plot of the lock is ingeniously conceived and the texture is simple. The cost of material is low and its function is so excellent, sturdy and durable, so it must be with a broad market prospects.

* Physical Training Model (Abbreviation: TMX)

Brief of TMX: It was modeled on human body, designed in the gesture of standing and defending, and is made of spring material and steel mechanism. Outer of it is rubber material and inner is supported by steel. Systems of models are also designed according to gestures of martial arts. These couples hardness with softness, it cannot only replace wood pile and sandbag for hard training, It is firm and practical, can improve the user's skill at times. It aims to fans of martial arts and bodybuilding. The existing training equipments in gym or market are inflexible and boring for they fix people's movements, hardly equipment offers choice. It shows the original form of human body, then the to be attached part in the training is clear cut, the imagination and fact mix as a whole, it stimulate the user's interests. It is the latest product in the international bodybuilding equipment industry.

* Project of the multi-functional keeping a public place clean device

The multi-functional keeping a public place clean device is the multiuse portable keeping a public place clean, health articles of a kind of collection hygiene keeping a public place clean, health care. It is has washed the head, each and wash the head and attend to and wash the head and ctowel's make up by three interchangeable vulvas with different functions. Used in old, weak, ill, incomplete nursing mainly, Prevent from venereal disease propagate prevention and cure in hemorrhoids and people one electricity of after flush gush out portable hygiene keep a public place clean, health treatment.

* Wind-driven generator of many oars

The wind-driven generator of many oars is the machinery of a kind of gathering wind-power electricity generation, it is not limited by any direction and climate, Can large area collection on the basis of many oars, make their improvement power, its structure is simple and easy, it is flexible to operate, install and stabilize, extension is strong, It is distributed widely, is a permanent energy. Plane this is invested small, with instant effect, the strong, much machine of persistence is fed through, and its electric consumption is inestimable.

* gold wine project

This invention is that one kind raises stomach wine, The traditional Chinese medicinal materials source selected for use is extensive, it is careful to fill a prescription uniquely, and steep and make time short, This invention raises the stomach wine, the wine degree is low, the mouthfeel is fragrant and sweet, tonify the blood and replenish qi, good for the spleen benefit liver kidney, function of the reinvigoration, there is not any poisonous side effect, It is one kind that is suitable for men and women, old and young of different levels to drink, and the health care good merchantable brand suitable for four seasons.

* Getting simple to mark time the slip resistance device of charms

This offers a kind of cheap fabrication cost practically and new-typely to the house property industry of the building, can afford for the limited investment of the largest civil residential housing of the building amount; This practical and new-type beneficial result can help to guide the crowd with eyesight obstacle, mark time charms slip resistance pair of the front in step according to installation, Offer the reliable guarantee safely for people walking. This is practical and new-type because the fabrication cost is low, the material source is sufficient, can accept and adopt for the limited investment of the most buildings, it is easy to popularize and popularize.

* Eliminate noise to fit

This involves the source treatment technology field of the sound practically and new-typely, involve a kind of noise elimination device concretely. This will overcome the shortcoming unsatisfactory and of discharging a large number of harmful substances of results of existing technological noise reduction practically and new-typely. It can be suitable for industry, agriculture, communication and transportation business and national defence undertaking, etc. in each field that this is practical and new-type.

* multi-functionally bed

A kind of multi-function attend to the bed, This utilizes supporting the structure that the device changes the bed practically and new-typely, can realize the bed, such many kinds of functions as deck chair, wheelchair, etc., have met demands of patient to the greatest extent, Still setting up the rational stool pot going up and down device at the same time, patient's stool and urine is convenient freely, have lightened the nursing staff's labor intensity..

* Power generator of high-efficient solar energy

A kind of high-efficient solar energy power generator, Advantage its to through spotlight and simple day tracking system, make power generating efficiency of photocell improve at double, thus reach it in case of outputting the same power, reduce consumption of photocell, can use individually, can a lot of association become various kinds of solar energy hydropower station of power, the application enabling the sun to generate electricity got this extensive room.

* Treat the traditional Chinese medicine oral alcohol pharmaceutical of the protrusion of the intervertebral disc of waist

The traditional Chinese medicine oral alcohol pharmaceutical of the protrusion of the intervertebral disc of a kind of therapeutical waist and method of preparing, Efficiency its invigorate the kidney firm copy, fill out marrow grow precise walking angry to hold in place with a net, is it stop the pain to invigorate blood circulation while being coherent, have result of treating both principal and secondary aspect of disease to the protrusion of the intervertebral disc of waist.

* Traditional Chinese medicine cured first, hepatitis B

It is one kind that takes and can reach and grow the blood and invigorate blood circulation mainly, soothe the liver and remove dampness, clear away heat and detoxify, invigorate the spleen and increase the appetite, soft to is it form to break up firmly, except that enzyme retreat treating first second Chinese herbal medicine preparationing and prescription of liver diseases yellow. Is it can is it catch blood invigorate blood circulation, is it remove dampness to soothe the liver, clear away heat and detoxify to reach mainly to take, invigorating the spleen and increasing the appetite, break up and form softly firmly, except that the enzyme is returned yellow. Can be cured in first liver diseases one month

* Dry separation machine of the wind-force

This practical to involve wind select equipment, especially one wind-force dry separation machine while being new-type. This dry separation machine meets waste rock, pyrite in the waste rock and specific gravity difference more than two kinds of relatively great solid supplies mixing and things in dividing the coal dressing. Relatively wide to the accommodation of the grain size, moisture content, there is little energy consumption, production capacity is great, sorting is effectual.

上海红湖消声器厂

上海红湖消声器厂中国航空工业总公司贵州红湖机械厂与上海安亭镇工业公司合资建立的生产汽车排气管、消声器和净化器的专业化厂家,是上海大众汽车有限公司排气管、消声器和净化器的主要配套厂。工厂拥有美国进口数控弯管机、德国自动焊接机械手、加拿大管端成型机以及200余台套通用和专用设备,完全实现了半自动化和自动化生产,并在此基础上建立了五条具有国际水准的现代化消声器生产线,一条净化器组装线,年产能高达30万台套。1998年,工厂为桑塔纳系列轿车配套设计生产的三元催化器装置(净化器),其性能卓越,净化力强大,超过了国家规定的排放标准,被誉为环保之星。

工厂顺利通过了ISO9002、VDA6.1和QS9000质量体系认证,并成为北京、上海1999年度第一批符合排放标准车用净化器生产厂家。

工厂还为南京依维柯、广州风神、芜湖奇瑞、江苏悦达、江西江铃等车型及上海开利空调器配套生产排气管、消声器总成,并对外承接各类冲压件、弯管件、焊接件等的生产。

工厂具有较高的设计能力和生产制造各类排气管、消声器及净化器的能力,工厂领导及全体员工将竭诚为国内外客户提供各类优质排气管、消声器和净化器的研制及生产配套服务。

Shanghai Hong Hu Muffler Plant, jointly established by Guizhou Honghu Machinery Factory of China Aerospace Industrial Corp. and Shanghai Anting Town Industrial Company, is a professional manufacturer specializing in automobile exhaust pipes, mufflers and purifiers. It is the main supplier of Shanghai Dazhong Automobile Co., Ltd. for exhaust pipes, mufflers and purifiers.

Our plant is equipped well. We possess numerical control pipe bender imported from US, automatic welding mechanical hand made in Germany, pipe end molding machine imported from Canada and more than 200 sets of universal and special equipment. We have realized semi-automatic and automatic production. In addition, we have built up five international standard updated production lines of mufflers and a assembling line of purifiers whose annual output is as high as 300 thousand sets. In 1998, the ternary activator (purifier) designed and produced for Santana series by us is characterized by its excellent performance and powerful capacity exceeding national discharge standard, so it is praised as star of environmental protection.

Our plant has been granted quality accreditation of ISO9002, VDA6.1 and QS9000. Moreover, in 1999, we were one of the first group of mechanical purifier manufacturers that conform to discharge standard in Shanghai.

Our plant has relatively high capacity in design and production of varied exhaust pipes, mufflers and purifiers. Our leads and all of the staffs will provide domestic and foreign clients with development, production and corresponding service of all sorts of high quality exhaust pipes, mufflers and purifiers wholeheartedly.
